Organizational behavior (OB) or organisational behaviour is the: "study of human behavior in organizational settings, the interface between human behavior and the organization, and the organization itself". OB research can be categorized in at least three ways: individuals in organizations (micro-level) work groups (meso-level)

Organizational behavior - Wikipedia

In economics, a factor market is a market where factors of production are bought and sold, such as the labor market, the physical capital market, the market for raw materials, and the market for management or entrepreneurial resources.. Firms buy productive resources in return for making factor payments at factor prices. The interaction between product and factor markets involves the principle ...
