Abstract. This paper is to develop a program to determine the required shunt and series compensation on an EHV long transmission line and after which, conduct a power system analysis using a power system simulation package to evaluate the effect of compensations on the line with, To deter mine the shunt compensation at the load end to maintain the load voltage at a fixed percentage of the ...

A dowry is a transfer of parental property, gifts or money at the marriage of a daughter. Dowry contrasts with the related concepts of bride price and dower. While bride price or bride service is a payment by the groom or his family to the bride's parents, dowry is the wealth transferred from the bride's family to the groom or his family, ostensibly for the bride.
