Graphic organizers can support all subject areas, languages, and levels of learning. Our collections for primary (grades K-2) and intermediate (grades 3-6) are arranged according to the reading strategy, comprehension skill, or learning process they best facilitate.

### **Reading Graphic Organizers - Reading A-Z**

In cryptography, a certificate authority or certification authority (CA) is an entity that issues digital certificates. A digital certificate certifies the ownership of a public key by the named subject of the certificate. This allows others (relying parties) to rely upon signatures or on assertions made about the private key that corresponds to the certified public key.
