Spartan Chemical Company, Inc., a recognized leader in the formulation and manufacture of sustainable cleaning and sanitation solutions for the industrial and institutional market, announced today the availability of PROmatte™, formulated to seal and protect with a smooth matte finish.

### **Resilient Floor Care | Spartan Chemical**

Find a Distributor. Spartan Chemical operates through a network of distributors localized to your area. To find out more information on a product, program, or solution, contact a distributor near you.

### **Food Sanitation | Spartan Chemical**

$K_{sp}$  is the equilibrium constant for the dissolution reaction above.. If  $K_{sp}$  is much greater than 1, the substance is soluble.; If  $K_{sp}$  is very close to 1, the substance is slightly soluble, or soluble only in very low quantities.; If  $K_{sp}$  is less than 1, the substance is insoluble.

In chemistry, a solution is a special type of homogeneous mixture composed of two or more substances. The term aqueous solution is when one of the solvents is water. In such a mixture, a solute is a substance dissolved in another substance, known as a solvent. The mixing process of a solution happens at a scale where the effects of chemical polarity are involved, resulting in interactions that ...
