California State University, Sacramento (CSUS; Sacramento State, informally Sac State) is a public comprehensive university in Sacramento, the capital city of the U.S. state of California. Founded in 1947 as Sacramento State College, it is the eleventh oldest school in the 23-campus California State University system. The university enrolls approximately 31,130 students annually, has an alumni ...

California State University, Sacramento - Wikipedia

The environmental impact of paper is significant, which has led to changes in industry and behaviour at both business and personal levels. With the use of modern technology such as the printing press and the highly mechanized harvesting of wood, disposable paper became a relatively cheap commodity, which led to a high level of consumption and waste. The rise in global environmental issues such ...
